

MATERNITY LEAVE – Subscription Fees - 2010

Please note that any Member/Fellow on maternity leave in 2010 may be entitled to a reduction in their 2010 subscription fees – please see “Fees: Members/Fellows all categories”.

IMPORTANT

Before a reduction can be granted, however, the Member/Fellow should forward the Faculty a copy of the MATB1 ensuring that it details the **start and end date** of their maternity leave. If this form is not available then the Member/Fellow should forward a letter from their GP detailing the start and end date of the Member/Fellow’s maternity leave. The letter should be on headed paper, contain the original signature of the GP and should be dated.
