

Faculty of Sport and Exercise Medicine (UK)

MEETINGS/COURSES BULLETIN

Updated as at 15 July 2010

SEM MEETINGS/COURSES

IMPORTANT NOTE

The following details are published as an informational service to FSEM Members/Fellows. Inclusion of any meeting does not imply any FSEM involvement in its organisation nor any endorsement of any meeting.

Please note that this Bulletin will be sent to all Members/Fellows every 2 months. If any Member/Fellow wants to include an SEM meeting/course on this list, please advise Rita Capaldi at the Faculty on: r.capaldi@fsem.co.uk

2010

JULY 2010

Clinical Exercise Testing and Interpretation - A Practical Approach 9th Cambridge / UCLA Course

Date: 29-30 July 2010

Venue: Cambridge University Clinical School, Addenbrooke's Hospital, Cambridge

Aim of the Course:

The aim of the course is to improve the participants' knowledge of the value of exercise testing and interpreting the results in normals, and subjects with suspected pathology. The widely acclaimed textbook on exercise testing and interpretation written by two of the lecturers forms the knowledge base for the course and will be of interest to all involved in exercise testing as well as specialist registrars training in respiratory medicine, cardiology and rehabilitation.

Lecturers:

Lecturers will include:

Prof Chris Cooper & Prof Tom Storer, UCLA
Dr Jumbo Jenner, Dr Jonathan Fuld, Prof N Wareham, Cambridge
Dr Marshall Riley, Belfast

Contact Details:

For further information and application form, please contact:
Michelle Joyce, Course Administrator/Secretary
Box 34, Addenbrooke's NHS Trust, Hills Road, Cambridge, CB2 2QQ
Tel: +44(0)1223 217763
e-mail: michelle.joyce@addenbrookes.nhs.uk

SEPTEMBER 2010

BASEM Clinical Skills Course 2010:

Dates: Sunday 5th to Thursday 9th September 2010

Venue: Bisham National Sports Centre, Buckinghamshire

Information:

This is a four-day residential clinical skills course aimed at enhancing delegates' skills in the assessment of musculoskeletal injury. The course is aimed at General Practitioners, GP Registrars and Specialist Registrars with an interest in sport and musculoskeletal medicine. The curriculum includes cervical spine, shoulder complex, elbow, wrist and hand, upper limb neurology, thoracic spine and chest, lumbar spine, pelvis, hip and groin, knee, ankle, foot, assessment of gait and use of imaging.

Contact Details:

For further information on programme details, aims and objectives of the course, venue details, cost and registration, please go to the BASEM web site: www.basem.co.uk or use this direct link: <http://www.basem.co.uk/article.php?id=342&catid=43>

BASEM Education Revise DipSEM Course

The Exam Preparation Course for the Intercollegiate Faculty of Sport & Exercise Medicine's (FSEM) Diploma in SEM

Dates: Saturday 4th & Sunday 5th September, 2010

Venue: Lilleshall National Sports Centre, Shropshire

Information:

BASEM is running a two-day weekend preparation course covering parts one and two of the Faculty of Sport and Exercise Medicine (FSEM) Diploma exam in SEM. The course will feature, focused lectures and tutorials on key topics; practical sessions covering joint examination, basic life support, advanced trauma life support and communication skills; practice written paper and OSCE; advice on exam technique and some pre course material including reading list, lecture notes and practice written questions for part 1. It is possible to attend day 1 (part 1) and/or day 2(part 2) as required.

Contact Details:

More information including pricing and a booking facility for this course is available on the BASEM web site: www.basem.co.uk or by clicking on the following link: <http://www.basem.co.uk/eventdetails/basem-education-revise-dipsem-course/13659>

2nd ECOSEP (European College of Sport & Exercise Medicine) & 12th Annual Scientific Conference in Sports & Exercise Medicine (CSEM)

Date: 9 - 11 September 2010

Venue: Bancroft Building, Queen Mary University of London

Topics:

- Scientific Presentations by MSc Students in Sport and Exercise Medicine
- Ultrasound Scanning in Sports Medicine
- Gene, Stem Cells and Sports Medicine
- Guidelines on Anti-Doping
- 2012 London Olympic and Paralympic Games
- Exercise Induced Leg Pain in Sport
- Muscle and Tendon Injuries in Sports
- Knee Problems in Sports Medicine
- Sports Nutrition
- Academic Programmes in Sports Medicine
- Biological Therapies in Sports Medicine
- Sports Cardiology and Pre-Participation Cardiovascular Evaluation.

Call for Papers:

For further details, please contact Dr Nat Padhiar Tel no: 077 187 43755

Nat.padhiar@thepct.nhs

FSEM Annual Meeting - Revalidation

Date: Thursday 16 September 2010

Venue: Royal College of Surgeons of Edinburgh, Nicolson Street, Edinburgh

Appraisal, Revalidation and Untoward Incidents

08.45 - 09.30 **Registration** (TEA/COFFEE)

09.30 - 10.15 **'Enhanced' Appraisal; What does it mean for You?**

FSEM Appraisal and Revalidation Committee

Dr Simon Kemp, FSEM Council and Head of Sports Medicine, Rugby Football Union

Dr Paul Jackson, FSEM Council and EIS Central Lead Physician

10.15 - 11.00 **Revalidation in SEM – What will it Look Like?**

Prof George Youngson CBE, RCSEd

11.00 - 11.15 COFFEE

11.15 - 11.30 **Untoward events monitoring – FSEM results on first 90 reports**

Dr Rod Jaques, FSEM Vice President

Clinical Component - PRP, Clinical Practice and Ethics

11.30 – 12.30 **The Medical Case For and Against PRP**

Dr Noel Pollock, UKA

What Ethical Issues does the Use of PRP Present?

*Prof Mike McNamee, Dept of Philosophy, History and Law in Healthcare,
Swansea University*

12.30 – 12.45 *OPEN QUESTION TIME (with Speakers)*

12.45 – 13.45 LUNCH

Topics:

Revalidation – *Enhanced Appraisal and Revalidation is coming. SEM is an unusual speciality to assess and Members and Fellows will need to be familiar with the current proposals. What's our risk profile and should the medical defence agencies be interested?*

PRP – *It's the latest thing, but where's the evidence for its effectiveness and where should it be used in the medical management of soft tissue injury? We need to think carefully about the ethical issues of new treatments and the ramifications of applying unproven treatments to our patients.*

CPD Points – 3 CPD points have been awarded for this Course

Prices:

- FSEM Members and Fellows - £50
- Non-FSEM Members and Fellows - £75

Please view following FSEM website to download the programme and application form:
<http://www.fsem.co.uk/>

Contact Details:

If you have any enquiries about the above FSEM Annual Meeting, please contact Rita Capaldi at: enquiries@fsem.ac.uk or telephone: 0131-527-3404.

[Seventh Annual Scientific Conference of Faculty of Sports and Exercise Medicine, RCPI & RCSI](#)

Date: Friday and Saturday, 17 and 18 September 2010

Venue: Royal College of Surgeons in Ireland, St Stephen's Green, Dublin 2

Call for Papers, see below: Closing date for submission Friday 18 June 2010

CME/CAS Credits to be awarded

Information

The 2010 Annual Scientific Conference of the Faculty of Sports and Exercise Medicine, RCPI & RCSI, takes place this year on Friday and Saturday, 17th and 18th September 2010, at the Royal College of Surgeons in Ireland, 123 St Stephen's Green, Dublin, 2.

The morning session on Friday 17th will focus on the Team Physician, with updates on the roles and responsibilities of the team physician, the psychological approach to the athlete, Anti-doping, supplements and hydration and medico-legal aspects.

The Friday afternoon session will have original research presentations and interesting case presentations, selected following a Call for Papers. This will be followed by a reception and Honorary Fellowship conferring ceremony, to which all delegates are invited.

The Saturday session will focus on Posterior Thigh Pain. We will attempt to reach a better understanding of this often difficult clinical area by having presentations on an overview of posterior thigh pain, medical assessment/treatment of acute hamstring tear, physiotherapy/strength and conditioning rehab of hamstring tear, lumbar spine biomechanics, Physio rehab of disc prolapse, imaging lumbar spine, injection therapy, and inflammatory conditions.

CALL FOR PAPERS – CLOSING DATE FOR RECEIPT - Friday 18 June 2010

QMUL Centre for Sport and Exercise Medicine /DJO Education

Sport and Exercise Medicine for London 2012 SEMS Meeting

1. Tendinopathies 2. Compartment Syndrome / CECS

(CPD to be sought from The Royal College of Surgeons of Edinburgh)

Date: Friday 24 September 2010

Venue: Chandos House, Royal Society of Medicine, 2 Queen Anne Street, London W1G 9LQ, UK.

Information:

This one day meeting is part of the series of high level, interactive and interdisciplinary meetings being run by Professor Nicola Maffulli, Centre Lead and Professor of Sports and Exercise Medicine, Queen Mary University of London Centre for Sports and Exercise Medicine. [Meetings are designed to meet](#) the specific CPD needs of the most experienced SEM practitioners and each will run with a maximum of **50** delegates.

Meeting Speakers: Mr Mike Allen, Dr Otto Chan, Prof Nicola Maffulli, Mr Peter Malliaras, Mr Simon Owen-Johnston tbc, Mr Nat Padhiar, Dr David Perry tbc, Dr Graham Riley, Prof Jan Rompe, Prof Roger Smith.

Tendinopathies Topics: Tendon problems: an update on tendon science for clinicians, Advanced imaging for tendon problems, Evidence based conservative management, The bases for ESWT and the evidence for ESWT in tendon problems, Mesenchymal Stem Cell Therapy: the future?, And if everything goes wrong, here comes the surgeon; Question Session.

Compartment Syndrome / CECS Topics: Compartment syndromes of the foot and measurement of intracompartmental pressure, CECS of the leg, CECS of the forearm, Eosinophilic fasciitis as a cause of EILP, ESWT in medial tibial stress syndrome, Surgical management of CECS in the lower limb, Question Session.

All presentations will be of 25 minutes with 5 minutes for questions. The whole day will be as interactive as possible.

Fees:

The meeting fee is **£150**. This includes **meeting information, refreshments, lunch and attendance certificate** with CPD accreditation. A **memory stick** with meeting presentations will be sent to attendees following the day.

Contact Details:

For full programme details and booking form, please contact **Barry Hill** at barryghill@hotmail.com

Sports Medicine - all you always wanted to know but never dared to ask

Date: Friday 24 September 2010

Venue: University Hospital Education Centre Bristol, Upper Mauldin Street, Bristol, Wessex, BS2 8AE

Organiser: Royal Society of Medicine

Information:

To present a comprehensive and up to date overview of some of the most common injuries and clinical problems in sports medicine today. The aim being to provide those clinicians that encounter patients with sports injuries /issues in their day to day practice (for example in Primary Care or in the Emergency Department / Minor Injuries Unit) to have a better understanding of diagnosis and management in this sphere of clinical practice.

The day will also offer a series of invaluable insights to those who end up on the touchline of sports events as an enthusiastic amateur Sports Medicine care provider (e.g. the Medical parent who gets co-opted as team doctor for their off-springs sports team).

Registration Details:

RSM Early bird Retired Fellow: £45

RSM Early bird Student: £20

RSM Early bird Trainee: £45

RSM Early bird Associate: £45

RSM Early bird Fellow: £65

Early bird Student: £25

Early bird Trainee: £65

Early bird AHP/Nurse/Midwife: £65

Early bird Consultant/GP: £125

OCTOBER 2010

Rygbi Gogledd Cymru - Rugby Injuries Conference
From Population To Patient – 2010 The Shoulder

Date: 6 and 7 October 2010

Venue: Theatr Colwyn, Colwyn Bay, North Wales

Provisional Program:**DAY1**

10.15 REGISTRATION

10.45 WELCOME AND OPENING

11.00 EPIDEMIOLOGY OF RUGBY INJURIES

TBC

11.30 *PAIN AND INJURY: THAT'S RUGBY!*

DAVID HOWE, Peter Harrison Centre for Disability Sport, Loughborough University,

12.0 *EPIDEMIOLOGY OF SHOULDER INJURIES - RISK FACTORS*

JULIA HEADEY, RFU/Kinesis, Health & Performance Ltd, 16a London Road,

Twickenham

12.30 FUNCTIONAL STRUCTURE OF THE SHOULDER JOINT

JOHN SLOAN, Countess of Chester Hospital, Liverpool Road, Chester

13.00 LUNCH

14.00 INFLUENCE OF RUGBY PRACTICE ON SHOULDER INTERNAL AND EXTERNAL

ROTATORS

STRENGTH

PASCAL EDOUARD, Department of Physical Medicine and Rehabilitation, University Hospital of

Saint-Etienne, Jean Monnet University, Saint-Etienne, France.

14.30 [FREE COMMUNICATIONS 1](#)

14.45 [FREE COMMUNICATIONS 2](#)

15.00 [FREE COMMUNICATIONS 3](#)

15.15 [FREE COMMUNICATIONS 4](#)

15.30 TEA

15.45 SYSTEMATIC REVIEW OF DIAGNOSIS OF SHOULDER INJURIES

ERIC HEGEDUS, Duke University School of Medicine, USA

16.15 MY DISLOCATED SHOULDER - THE PLAYER EXPERIENCE

TBC

16.45 DISLOCATION OF THE SHOULDER

SIMON ROBERTS, Robert Jones and Agnes Hunt Orthopaedic Hospital, Oswestry

17.15 GET UP, SHUT UP AND STOP BEING A FANNY: RUGBY PLAYERS AND BODY ANXIETY, PAIN AND INJURY

NATALIE DARKO, Nottingham Trent, University, Nottingham, UK

17.30 END OF DAY ONE

19.15 POSTER SESSION/ RECEPTION

20.00 DINNER

DAY 2

09.00 EVIDENCE-BASED GUIDELINES ON THE ASSESSMENT AND MANAGEMENT OF SOFT TISSUE

SHOULDER INJURIES AND RELATED DISORDERS

DUNCAN REID School of Rehabilitation and Occupation Studies, Auckland University of Technology, New Zealand

09.30 MY SHOULDER RECONSTRUCTION- THE PLAYER EXPERIENCE

TBC

10.00 ROTATOR CUFF IMPINGEMENT AND SLAP INJURIES

SIMON FROSTICK, Royal Liverpool University Hospital, Liverpool

10.30 ETHICAL ISSUES OF THE SPORTS TEAM DOCTOR

BRIAN DEVITT, Cappagh National Orthopaedic Hospital, Northwood, Santry, Dublin

11.00 COFFEE

11.20 AC JOINT INJURY

JAMES FRASER-MOODIE, Edinburgh Royal Infirmary

11.50 IMAGING SHOULDER INJURIES

TBC

12.20 EPIDEMIOLOGY AND OUTCOME OF SHOULDER INJURIES OVER A FIVE YEAR PERIOD

ROHIT KULKARNI, Royal Gwent Hospital

12.50 LUNCH

14.00 WHEN DO I GET TO RUN ON WITH THE MAGIC SPONGE?: ILLUSIONS OF MERITOCRACY AND DEMOCRACY IN SPORTS MEDICINE

ISLAY McCEWAN, Department Of Exercise And Sport Science, Manchester Metropolitan University

14.30 TACKLING THE BIOMECHANICS OF THE SHOULDER

LEE HERRINGTON, University of Salford, Manchester

15.00 THE EFFECT OF SHOULDER PADS

DEBORAH HARRIES, University of Teesside, Middlesbrough,

15.30 TEA

15.45 TACKLING IN RUGBY: COACHING FOR INJURY PREVENTION

SHARIEF HENDRICKS, University of Cape Town, South Africa

16.15 REHABILITATION OF SHOULDER IMPINGEMENT SYNDROME AND ROTATOR CUFF INJURIES: AN EVIDENCE-BASED REVIEW

Todd Ellenbecker Physiotherapy Associates Scottsdale Sports Clinic, Scottsdale, Arizona, USA

16.45 REHABILITATION OF THE SHOULDER

JO GIBSON, West Kirby Physiotherapy and Sports Injury Clinic,

17.15 CLOSE

NOVEMBER 2010

The 5th Leeds Sporting Imaging Course

Date: 8 and 9 November 2010

Venue: Weetwood Hall, Leeds.

This 2 day course is aimed at both radiologists and clinicians who are involved in sports imaging. The course will comprise an imaging and clinical overview of the most relevant joint, bone and soft tissue sporting injuries. The faculty will comprise internationally recognised skeletal imaging and clinical experts who will deliver focused state of the art lectures and lead sessional discussions (visiting Guest Speaker 2010 – Dr TT Miller, HSS, New York). Each session will cover the spectrum of injury for a specific anatomical area beginning with clinical lectures that will allow the subsequent imaging lectures to be placed in context. All aspects of imaging will be discussed but the use of ultrasound, conventional MR imaging and MR arthrography for the diagnosis, staging and prognosis of sporting injuries will be emphasised. Therapeutic image guided intervention using fluoroscopy, CT and ultrasound will also be demonstrated.

11 RCR category one CPD credits applied for.

For course details, please contact: Carol Bailey, Course co-ordinator, Radiology Dept, Leeds General Infirmary, Great George Street, Leeds LS1 3EX Tel: +44 (0) 113 3922826; Fax: +44 (0) 113 3928585; E-mail: carol.bailey@leedsth.nhs.uk or carol@cbailey9.orangehome.co.uk

15 July 2010

9

16th Annual Principles of Fracture Management Course

CPD Accredited

Date: 15 – 19 November 2010

Venue: Clinical Education Centre, Jarvis Building, Leicester Royal Infirmary, Infirmary Square, Leicester, LE1 5WW

Course Summary:

This highly popular five-day course offers a comprehensive overview of fracture management for trainees about to commence a career in Orthopaedic Surgery. This course has also proved useful to nurses, physiotherapists and ODP's undertaking extended roles in the context of musculoskeletal trauma care. General Practitioners undertaking musculoskeletal clinics have also found this course useful.

In addition to lectures, it offers 'hands on' fracture fixation, practical sessions and demonstrations of human anatomy.

Course Fee:

The course fee is £500.00 per delegate and includes all course materials, the course dinner, lunches, refreshments and course certificate.

Cancellation Policy:

Any cancellation received prior to 19.10.09 will incur a refund administration fee of £10.00. Thereafter, 50% of the course fee will be charged for cancellations received later than one month prior to the course and 100% for cancellations received later than one week prior to the course.

Course Dinner:

The course dinner will be on the evening of 15th November 2010.

For further details please contact:

Mrs Elaine James, Course Administrator, Department of Health Sciences, Clinical Division of Orthopaedic Surgery, Clinical Sciences Unit, Off Ward 1, Leicester General Hospital, Gwendolen Road, Leicester, LE5 4PW

Tel: 0116 258 4702 Email: ej9@le.ac.uk

www2.le.ac.uk/departments/health-sciences/extranet/ECC/orthopaedic-surgery/training-courses

Course Convenors Mr S Williams and Mr B Bhowal

© University of Leicester, Leicester LE1 7RH, UK www.le.ac.uk

Accommodation:

Please note there is no hospital accommodation available for delegates attending this course.

Local hotel availability can be found by searching Leicester at www.activehotels.com

Please note the course is strictly limited to 50 people and places will be allocated on a first-come, first-served basis. Early registration is highly recommended.

UK SEM International Conference – UPDATE

Date: 24th, 25th, 26th November 2010

Venue: The Capital Suite, Excel, London.

Information

As well as the 3 day conference there will be a half day workshop entitled “Talent ID through to rehabilitation” taking place on Saturday 27th November.

Contact Details

Please follow the link on BASEM’s website <http://www.uksem.org/> to register your interest in attending the conference.

2011

JANUARY 2011

FIVB Volleyball Medicine Congress 2011

Date: 13 – 15 January 2011

Venue: Bled, Slovenia

Information

Dear Participants

Volleyball and Beach Volleyball like other sports offer society a unique opportunity for individual and social development. Volleyball is a challenging game, where players learn a wide variety of skills – physical, mental and social. Volleyball is also an exciting game – for players and spectators alike!

Nevertheless, sports participation also entails a certain risk of injury. Studies from the 2004 Athens Olympic Games and 2008 Beijing Olympic Games document that the injury risk in Volleyball is much lower than the other Olympic team sports, and even lower than most individual sports. Even so, injuries can affect performance and even long-term health. Therefore, protecting the health of our athletes is the number one priority for the FIVB.

Through its Medical Commission, chaired by Professor Roald Bahr, the FIVB has looked at how injuries and illness can be prevented, how the risk of long-term disability can be reduced by proper diagnosis, treatment and rehabilitation, and how to maintain volleyball as a drug-free sport. The FIVB is a signatory to the World Anti-doping Code, and our anti-doping

15 July 2010

11

education and testing program ranks second to none. In keeping with our commitment to protect the health of our players, FIVB has taken the initiative to organize the FIVB World Congress on Volleyball Medicine in Bled, Slovenia in January 2011. This congress will be the perfect platform for physicians, physical therapists, athletic trainers, biomechanists and other scientists to share their views on volleyball injuries and illnesses. Although it is not the first of its kind, this promises to be a landmark congress, covering the entire field of volleyball medicine with a star line-up of world-renowned experts. The FIVB is pleased to be able to fund this event.

I would also like to take this opportunity to acknowledge the hospitality of our hosts, the Slovenian Volleyball Federation, and all their partners. Not only have they whole-heartedly embraced the idea, but they have worked diligently to create the best possible conditions for the exchange of knowledge and ideas related to the health of our players. The FIVB also thanks the Scientific Committee, chaired by Dr. Jonathan Reeser, for creating a superb program. You do not wish to miss this event!

Yours sincerely
Jizhong Wei
FIVB President

The keynote lectures and symposia have been selected in order to cover the breadth of sports medicine as it applies to volleyball. The Congress features an outstanding faculty from around the world. In the months ahead, workshops will be added to the schedule. These workshops are intended to be small group, hands-on sessions that complement the main program. In addition, the Congress will provide a forum for presentation of original volleyball-related research. Our goal is to stimulate volleyball-specific investigation and thereby advance the existing “state of the art”. Look for the “call for abstracts” on page 9. Evening social events will punctuate each day. These gatherings will permit discussion and the sharing of ideas, fostering a culture of collaborative inquiry that will help carry the discipline forward.

Keynote Speakers

- Elizabeth Arendt, MD University of Minnesota, Minneapolis, MN, USA
- Roald Bahr, MD PhD Oslo Sports Trauma Research Center, Oslo, Norway
- Lars Engebretsen, MD PhD University of Oslo and Oslo Sports Trauma Research Center, Oslo, Norway
- Pavels Mustafins, MD Riga Stradins University and Latvian Academy of Sports Pedagogy, Riga, Latvia

Call for Papers

Authors are kindly requested to submit their abstracts on the official website www.fivbmedicine2011.org

All accepted abstracts will be published in the Abstract Book, as well as in a themed issue of the British Journal of Sports Medicine.

The organisers wish to present the state-of-the-art in volleyball-related research at the FIVB Volleyball Medicine Congress 2011, and will therefore include poster sessions and free communications to present the most recent research. The Conference is multidisciplinary, and we encourage abstracts to be submitted within all fields of volleyball research. This includes studies on epidemiology, risk factors, injury mechanisms, pathophysiology, intervention studies, relevant biomechanical studies, studies on behaviour and attitudes, performance & fitness, and related research from other fields.

The deadline for submitting abstracts is 1st September 2010.

Contact Details

For those wanting to attend the upcoming FIVB Volleyball Medicine Congress 2011, please visit us on www.fivbmedicine2011.org and register online.

This exciting Congress is one not to be missed, so register before 1. September 2010 to secure your place and receive discounted registration.

Note that all persons intending to attend the Congress must register, including invited Authors and Chairpersons.

DEADLINE FOR HOTEL RESERVATIONS IS 1st November 2011.

AFTER THIS DATE RESERVATION WILL BE MADE ON REQUEST.

For reservation use the reservation form on our official website www.fivbmedicine2011.org
Reservation must be send in Hotel Jelovica Bled by e mail: jelovica@hotel-jelovica.si or by
fax: 00386 4 5741 550.

Direct booking to chosen hotel is not possible.

www.bled.si
